BCIC urges regulator to promote EV technology in Bengaluru Bangalore Chamber of Industry and Commerce (BCIC) president Kishore Alva met Karnataka Electricity Regulatory Commission (KERC) chairman M.K.Shankaralinge Gowda and suggested that the State Government will promote more Electric Vehicle technology in the State, especially in Bengaluru so that environment can be secured for future generations. It is also suggested that lake beds will be extensively used for afforestation purposes thereby increasing the depleting green cover in the State.
